

FEATURES

Electro-Hydraulic Controls allow precise, simultaneous control of the winches and include built-in 2-speed function switches.

The controls also include rocker switches with safety locks for the free spool functions.

Attachment pins directly to the dozer's rear ripper mounts.

3/4" X 300 ft (6 x 37 EIPS, IWRC) wire rope installed on each winch.

Total attachment weight = 6,000 lbs

WINCH PERFORMANCE

LAYER	LOW SPEED / HIGH SPEED		DRUM CAPACITY (FT)
	LINE PULL (LBS)	LINE SPEED (FPM)	
1	44,870/22,440	21/42	62
2	39,880/19,950	23/47	132
3	35,900/17,950	26/52	210
4	32,630/16,320	29/58	295
5	29,910/14,960	31/63	388

(Based on 2,000 psi and 37 gpm each with 3/4" wire rope)

DUAL LINE SAGGING WINCH ATTACHMENT
